

# ROBOT CITY WEST

RobotCityWest.com

*Engage. Educate. Inspire.*

Robotics programs are steadily being adopted into schools across the nation as a hands-on method of teaching complex STREAM concepts, innovation and problem-solving skills, which are in increasing demand today.

For nearly a decade, Robot City has been a premier after-school and summer camp enrichment provider that offers exciting curriculum designed to spark students' interest and knowledge in STREAM-related fields through robotics projects. Our philosophy is to engage, educate and inspire young minds!

## OPEN POSITIONS: After-School Robotics Lead Instructor

Robot City West is seeking multiple after-school instructors who are passionate about working with children and teaching STREAM-related curriculum. Ideal candidates will be a master of engaging the interest and attention of children, organized and skilled communicators. Experience teaching elementary school students preferred. Classes involve building robots, DIY robotics projects, and programmable robots that each student completes with the help of the assigned instructor. Experience with robotics helpful but not required. Prepared curriculum and field challenges provided, and instructors are welcome to customize it as they prefer.

### Schedule and Hours

- *After-school instructor* - Instructors may choose to conduct anywhere from 2 to 7 one-hour workshops on a weekly basis at their assigned local elementary schools mostly in the Poway Unified School District. Our fall, winter and spring programs are typically 8 weeks in length and run Monday – Thursday during the time frame of 2:00 – 4:30 p.m.
- *Additional hours* - For those interested, additional hours are available to lead camps, manage supplies, design curriculum, prepare kits, write communications and create learning activities.

### Compensation and Training

Compensation is paid as a flat-rate: \$50 for each one-hour after-school workshop. Up to \$400/week. Paid training.

### Responsibilities and Requirements

- Have reliable transportation to and from schools
- Drop off and pick up materials at nearby office each week
- Complete and pass a DOJ background check and a TB Test
- Have valid CPR certification (on line courses not accepted)

Be a part of Robot City West's after-school program team in San Diego! Please email a cover letter, resume and two professional references to [gail@robotcityworkshopwest.com](mailto:gail@robotcityworkshopwest.com) to apply or to make any inquiries.
